SUMMARY

Passionate about the intersection of mathematics and computer science, I am a dedicated graduate with a major in computer science and a relentless drive for innovation. With a solid foundation in both theoretical concepts and practical applications, I have actively participated in hackathons, developed personal projects, and assumed leadership roles in academic settings. Eager to learn, grow, and adapt, I bring a dynamic blend of technical skills and a collaborative mindset. Currently, I am actively looking for graduate programs that will not only enhance my existing knowledge but also provide new avenues for personal and professional development. As I pursue an Honors degree in Computer Science and Information Technology, I am excited to leverage my diverse experiences to contribute to and thrive in the ever-evolving landscape of technology.

SKILLS

- Java
- JavaScript
- Typescript
- HTML

EXPERIENCE

March 2023 - November 2023
Students Tutor Sefako Makgatho Health Science University | Ga-Rankuwa, GAUTENG

March 2022 - November 2023
Students Mentor Sefako Makgatho Health Science University | Ga-Rankuwa, GAUTENG

July 2023 - July 2023
Job Shadow Korbistat | Cape Town , Western Cape

July 2023 - July 2023
Students Vacation Work SARAO | Cape Town , Western Cape

December 2023 - I currently work here
SRC Residence Officer Sefako Makgatho Health Science University | GA-RANKUWA, GAUTENG

EDUCATION

January 2024 - Current
Bachelor of Science | Honours In Computer Science and Information Technology
Sefako Makgatho Health Science University , Ga-Rankuwa,Gauteng

January 2020 - December 2023
Bachelor of Science | Mathematical Science
Sefako Makgatho Health science University , Ga-Rankuwa
